About Anthem Blue Cross Dental SelectHMO

Anthem Blue Cross offers three affordable dental health maintenance organizations (DHMO) plans—Anthem Blue Cross Dental Saver SelectHMO, Anthem Blue Cross Dental SelectHMO and Anthem Blue Cross Dental Premier SelectHMO. With our large network of dedicated professionals, you have access to complete dental care, including cosmetic and specialty care, either as a covered benefit or at a discount. We think you'll find our Anthem Blue Cross Dental SelectHMO plans refreshingly straightforward and easy to understand.

Because preventive dental care is so

important, Anthem Blue Cross Dental SelectHMO provides benefits at no cost for regular check-ups, x-rays, and teeth cleanings (except the \$5 office copay). Soon after enrollment, you should call your Participating Dental Office for an initial diagnostic examination.

X-rays will usually be taken at this time to determine the overall condition of your teeth. Through routine checkups, minor dental problems can often be diagnosed and treated before they become major problems.

Anthem Blue Cross Dental SelectHMO provides you and your family with access to important dental care without taking a big bite out of your budget. By choosing Anthem Blue Cross, you know your dental plan comes with the strength of an industry-leader. Call on your Participating Dental Office whenever you need dental care. Anthem does not limit the number of times you can see your dentist.

The Anthem Blue Cross Dental SelectHMO Provider Network*

Only the services you receive from an Anthem Blue Cross Dental SelectHMO Participating Dental Office are covered by the plan or available at a discount.

The quality of our provider network sets us apart from the competition. We require prospective providers meet rigorous administrative and clinical requirements. After a provider is accepted as a Anthem Blue Cross Dental SelectHMO Participating Dental Office, an Anthem quality assurance team ensures each office meets rigorous quality standards throughout the time the office participates.

^{*} Limited availability in these counties: El Dorado, Fresno, Kern, Kings, Monterey, Placer, Riverside, San Bernardino, San Mateo, Santa Cruz, Tulare and Ventura. Contact your agent for more information on locations of participating providers.

How Our Plans Work

Benefits are available immediately for many services when provided by a Participating Dental Office, and you won't have to meet a deductible (most other services are available at a discount from participating dentists and specialists). Each procedure has an associated copayment. You are responsible for paying

your network provider at the time service is rendered.

The copayment represents the discounted rate on services for which you are eligible as a plan member. Benefits and applicable copayments are listed on the table below or see page 10 for more information.

Covered Benefits and Copayment Highlights (see page 10 for more benefit information)

These copayments apply only to services rendered by a Participating Dental Office. Specialty services provided by a Participating Specialty Office are included on a separate schedule on your contract.

Regular diagnostic and preventive dental care is essential to maintain sound oral health. To encourage regular checkups and teeth cleanings, our plans provide these services at a low \$5 copay. All other benefits are available at low, discounted fees with no deductibles. You choose the plan with the level of coverage you want. With our plans, you don't have to worry about missing important details by not reading all the fine print. A level of coverage or discount is provided for all dental care—cosmetic, periodontics, orthodontia—and more.
