Why Dental Care Should Be a Priority for You ... and Your Family

Good oral health means much more than just healthy teeth these days. In fact, the Surgeon General's Report emphasizes that oral health is important to the overall health and well-being of you and your family.

The report also shares these astonishing facts:

- Oral diseases are progressive and cumulative, and they become more complex over time. They can affect our ability to eat, how we look, and the way we communicate.
- Most adults show signs of periodontal or gingival diseases, and these diseases can affect our ability to work at home, at school, or on the job.
- New research is pointing to associations between chronic oral infections and heart and lung diseases, stroke, low birth weight and premature births. Links between periodontal disease and diabetes have long been noted.

The impact of bad oral health in children is even more substantial:

- Tooth decay is the single most common chronic childhood disease – five times more common than asthma and seven times more common than hay fever.
- Over 50% of 5- to 9-year-old children have at least one cavity or filling, and that proportion increases to 78% among 17 year olds.
- More than 51 million school hours are lost each year to dental-related illness. Pain and suffering due to untreated diseases can lead to problems in eating, speaking and learning.

In order to be healthy, you and your family need good oral health. And of course you always want to look great, too! Dental care enhances your self-esteem, improves your productivity and increases your overall feeling of contentment. That's why we've created **SmileNetSM**, a Dental discount program that helps you stay healthy ... and keeps those pearly whites sparkling.

Get SmileNet ... and Start Beaming

SmileNet gives you tremendous value at a very low price. ***SmileNet is not an insurance plan*** – it's a simple, inexpensive discount Dental program from Anthem Blue Cross Life and Health Insurance Company that helps you **save 15%-50%** on Dental services and provides access to most of the dentists in our Dental PPO network.

If you're a health-conscious person wanting quality Dental care and low Dental care expenses, SmileNet is for you! It's also an ideal option if you don't have Dental coverage through your job or if you find that traditional Dental insurance is too expensive. You can buy SmileNet alone or with one of our Medical plans. If you already have one of our Medical plans (but not our Dental coverage), you can join SmileNet at any time.

Great Services at Great Prices

Here is just a sample of the discounted Dental services you get with SmileNet:

- Comprehensive Evaluations
- Cleanings
- Fillings
- X-rays
- Topical Fluoride
- Oral Hygiene Instructions
- Sealants
- Crowns
- Root Canals
- Partial and Complete Dentures
- Extractions
- Local Anesthesia

SmileNet ... the Dazzling Details

Easy to Use

SmileNet gives you access to most of the dentists in the Anthem Blue Cross Dental PPO network, and you get Dental services at Anthem Blue Cross-negotiated rates that are 15%-50% lower than what you would normally pay. Just verify that the dentist you chose participates in the SmileNet program before you enroll and when making an appointment. ***You can get Dental services when you want, as often as you want!***

SmileNet is also appealing because there are:

- No annual deductibles, maximums or copays
- No waiting periods
- No claims or paperwork

Easy to Afford

Dues are only **\$80 per year** for a single membership and **\$120 per year** for a family membership (with a one-time \$20 administration fee for either choice). To make things even easier, the cost is the same for all ages.

These low dues will quickly pay for themselves when you start saving 15%-50% on your Dental services!

SmileNet is a pay-as-you-go discount program that makes Dental care more accessible and more affordable.

Q&As

1. What is a Dental discount program?

A Dental discount program is designed for individuals, couples and families looking to save money when going to the dentist. The dentists who participate in our SmileNet Dental discount program have agreed to accept a lower fee than they would normally charge (the fee is due when services are received). The SmileNet Dental discount program comes with a membership card.

2. How is this Dental discount program different from traditional Dental insurance?

SmileNet is different from traditional Dental insurance in several ways. First, it's easy to enroll and there are no waiting periods or health questionnaires. Also, our discount program does not deny enrollment based on any pre-existing conditions you may have. Other unique features about this discount program are no claim forms, no annual deductibles and no annual out-of-pocket maximums – you can use the program as much and as often as needed. You pay the full, discounted cost of services provided.

3. What do I pay and to whom?

You pay:

- Your annual Dental discount program membership fee (\$80 a year for a single membership; \$120 a year for a family membership). This membership fee (along with a one-time \$20 administration fee) is paid to Anthem Blue Cross.
- Fees for services (such as cleanings, X-rays and root canals) are paid directly to the participating SmileNet dentist at the time you receive the services.

4. When does my SmileNet program begin?

Most memberships start on the first of the month after we receive the application and administrative and membership fees. You'll receive your membership card in the mail in a couple of weeks.

5. Do I have to use a specific dentist?

With SmileNet, you may choose a dentist from our Anthem Blue Cross Dental PPO network after you have verified that the dentist participates in the SmileNet Program. And you don't have to stick with the first one you see.

6. Can I make monthly payments on my membership fee?

No. You will need to pay your membership dues in full to join SmileNet, and then we'll send you a bill once each year to keep your membership active. Billing you annually instead of monthly allows us to keep our administration costs down, which helps keep SmileNet affordable for you!

Finding a Dentist

To find a dentist or to see if the one you want participates in the SmileNet discount program, simply go to www.anthem.com/ca, click on the **Provider Finder** link and select the **Dental PPO network** option. You can then call your dentist's office and ask if they participate in the Anthem Blue Cross SmileNet discount program.

SpecialOffers ... Another Bright Benefit

SmileNet helps even more with your overall health by giving you access to information about 10%-50% discounts on health/wellness products and services offered by independent vendors including:

- Gym memberships
- Health and nutritional supplements
- Vision, hearing and dental products and services
- Yoga, massage therapy and hypnotherapy
- All-inclusive Club Med vacations
- Smoking, alcohol and weight loss programs

To find out more, SmileNet members can go to www.anthem.com/ca and click on **SpecialOffers**.

Terms and Conditions

What You Should Know About the SmileNet Program:

1. As a member of the SmileNet program, you are responsible for verifying with the contracted dentist if he or she is participating in the program. This should be done at the time you schedule an appointment. The SmileNet membership card should be shown to the dental office staff when you arrive for your appointment.
2. The discount is available on all services that the contracted general dentist has currently agreed to as part of his or her participation in the discount program. Not all dental services that a general dentist may provide are available at the discounted rate. Not all dentists are contracted for the same services. Please ask your participating dentist if the services you require are part of the discount program.
3. Services performed by a non-contracted dentist will not be provided at the SmileNet discounted rate.
4. The discount is also available at contracted dental specialty offices including oral surgery, endodontics, periodontics, pedodontics and prosthodontics. This program does not include discounts for orthodontic or cosmetic services.
5. SmileNet members are responsible for payment of the reduced fees directly to the contracted dentist for services provided. It is important to discuss the fees prior to the services being rendered. There is no reimbursement by the program for the services you receive under this program. This is not an insurance plan.
6. The contracted dentist providing services to a SmileNet member does so as an independent contractor with Anthem Blue Cross, and Anthem Blue Cross shall not be liable for any claim or demand on account of damages arising out of or in any manner connected with any injuries suffered by a SmileNet member while receiving care from the contracted dentist.
7. Your participation in the program is good for 12 months. You may renew the terms of the program upon receipt of notification and payment to Anthem Blue Cross prior to the end of the 12-month period.
8. The provisions and terms shall be governed by and interpreted in accordance with the laws of California.
9. The program is subject to amendment or modification with 30-day prior notification.
10. No refunds, cancellations or changes (such as adding or deleting a family member) will be allowed in the first 12 months, except in the case of death.

How to Enroll

In this brochure, you'll find everything you need to enroll in SmileNet.

Just follow these simple steps:

- Complete and sign the attached application
- Choose your payment option
- Send the application and payment to your Authorized Independent Agent (see contact information on back of brochure) or:

Anthem Blue Cross
P.O. Box 9051
Oxnard, CA 93031-9051

A young child wearing a light-colored bucket hat and a short-sleeved shirt is sitting on a large, light-colored dog with brown patches. The dog is lying on its side in a grassy field. The child is looking back over their shoulder at the camera with a smile. The entire image has a blue tint.
